Daniel's dream occurred while he was in captivity.

The kingdom of Judah was taken and Jerusalem was destroyed.

Daniel had to be wondering, "When will God rebuild Jerusalem and when will He Set up His Throne as promised to David?"

There are different judgments, different resurrections, and there are different deaths.

Today, the church of God should be thinking the same.

When will Jesus be sitting as King of Kings (spiritually and naturally so)?

The fourth beast in Daniel's dream; was indescribable. He had never seen anything he could compare it to in his lifetime. There were no animals, or birds or sea creatures that it could be compared to. That is why it is called "*a beast*".

The beast is cruel, destructive and disruptive beyond anything previous to it. Nothing can be compared to the last rule of Rome. Its cruelty; disrespect for things Godly, lack of human dignity; compassion; love. It will set a record for these things.
